

<b>PART B: TECHNICAL SPECIFICATIONS, PRICING CONDITIONS AND PRICING SCHEDULE</b>
--

### TERMS OF REFERENCE

#### 1. INTRODUCTION

The quotation involves the design, supply, delivery and installation/ fitment of Aluminium doors, clip 44 units/ panels and windows at various revenue offices within the De Doorns and Touwrvier area. The municipality herewith extends this invitation to call for quotations from interested suitably and experienced glass aluminium service providers who meet the eligibility criteria set out in the conditions of the quote.

#### 2. BACKGROUND

A need has been identified for the replacement of existing doors and windows at various revenue offices within the De Doorns and Touwrvier area, as part the department's buildings renovation projects .

#### 3. PURPOSE

The objective of this bid is to appoint a contractor/ service provider for the design, supply, delivery and installation/ fitment of Aluminium doors, clip 44 units/ panels and windows at various revenue offices within the De Doorns and Touwrvier area in line with the departmental need requirements.

#### 4. ELIGIBILITY CRITERIA

Only those tenderers who satisfy the following eligibility criteria are eligible to submit quotes:

- i. Who are registered with the CIDB, or are capable of being so prior to the evaluation of submissions, in a contractor grading designation equal to 1SG or higher than a contractor grading designation determined in accordance with the sum tendered for a 1SG class of construction work (proof of CIDB registration to be attached with the quote document).

Joint ventures are eligible to submit tenders provided that:

- a) every member of the joint venture is registered with the CIDB;
- b) the lead partner has a grading designated in the 1SG class of construction work; and
- c) the combined contractor grading designation calculated in accordance with the construction Industry Development Regulations is equal to or higher than a contractor grading designation determined in accordance with the sum tendered for a 1SG class of construction work.

- ii. Who complies with the Compensation of Occupational Injuries and Disease Act (COIDA) (proof of valid letter of good standing from the Department of labour to be submitted with quote).

#### 5. SCOPE

5.1 The scope of works includes, but not limited to, the following:

##### a) Design Phase

- i. Consultation and Requirements Definition: Meeting with the client/architect to understand their needs, preferences, and project specifications (e.g., style, color, performance requirements like energy efficiency, sound insulation, and security).
- ii. Site Survey and Initial Measurement: Conducting a thorough site assessment to verify the dimensions of each structural opening and assess existing conditions.
- iii. Design Development: Interpreting all requirements into a detailed design concept, considering structural capabilities.
- iv. Shop Drawings and Submittals: Preparing and submitting detailed shop drawings, which include all framing, fastening, anchoring systems, and glass specifications, to the main contractor/consultant for verification and approval.
- v. Compliance and Standards: Ensuring all designs comply with relevant national and industry standards (e.g., SANS, AAMA, SAGGA, local building codes) and securing necessary certifications/approvals.

**b) Supply Phase**

- i. Material Procurement: Sourcing high-quality, brand-new raw materials, including aluminium profiles (e.g., 6063-T5 alloy), glass panels (e.g., double-glazed, laminated safety glass, shatter-resistant film), hardware (handles, locks, hinges, weather stripping), and sealants.
- ii. Fabrication: Cutting aluminium profiles to precise, verified dimensions using specialized machinery, performing necessary machining (cutouts, drill holes), and assembling frames and sashes in a factory setting.
- iii. Surface Treatment: Applying protective and aesthetic finishes, such as powder coating or anodizing, to enhance durability and meet appearance specifications.
- iv. Glazing (Factory/Site): Fitting the glass panels into the manufactured frames using gaskets and sealants, either in the factory or on-site, depending on project logistics.
- v. Quality Control: Performing rigorous inspections to ensure all manufactured units meet the approved design specifications and quality standards before delivery.
- vi. Delivery and Storage: Transporting the finished products to the site, ensuring they are properly protected from damage, and storing them in a clean, dry place.

**c) Installation/Fitment Phase**

- i. Site Preparation: Removing any existing windows/doors and clearing the openings of debris to ensure a clean, smooth, and unobstructed area for installation.
- ii. Positioning and Securing: Carefully positioning the new frames into the prepared openings, using shims and spirit levels to ensure they are plumb, square, and level.
- iii. Fixing: Fastening the frames securely to the structure using appropriate brackets, screws, or anchors, as detailed in the approved shop drawings.
- iv. Weatherproofing and Sealing: Applying high-quality sealants or caulk around the perimeter of the frames to ensure weather tightness and energy efficiency.
- v. Hardware Installation and Adjustment: Installing remaining hardware (if not pre-installed) and adjusting all sashes, locks, and mechanisms to ensure smooth and correct operation.
- vi. Finishing Work: Carrying out any minor remedial work to adjacent walls (e.g., plastering, touch-up painting) disturbed during the removal or installation process.
- vii. Final Inspection and Handover: Conducting a final inspection with the client or main contractor to ensure satisfaction, providing operation and maintenance manuals, and removing all project-related waste/debris from the site.

**6. GENERAL**

**6.1.** The successful bidder will be responsible for the design, supply, delivery and installation/ fitment of Aluminium doors, clip 44 units/ panels and windows at the following required sites:

- a) De Doorns Office - La Rochelle Road
- b) Touwsrivier Office - 42 Logan Street

**6.2. Turn-around times**

Completion of works: Within 4 weeks of receiving official order. If a Service Provider/ Contractor does not meet this requirement, the Municipality will engage the services of another Service Provider/ Contractor, in which instance any additional cost will be passed on to the Service Provider/ Contractor. For this purpose, the Service Provider shall maintain a continuous telephone service where staff can be reached at all times.

**6.3. Rates to be all inclusive:**

Rates tendered for in the Pricing Schedule must be inclusive of providing site management, supervision, tools, travel, materials, consumables and labour as well as Health and Safety requirements.

**6.4. No work without official order**

No work will be carried out by the Service Provider/ Contractor until such time as an official order has been issued.

**6.5. Compliance with Occupational Health and Safety Act 1993**

The requirements of the Occupational Health and Safety Act No. 85 of 1993 and the Construction Regulations 2003 issued in terms of Section 43 of the Act shall apply. The tenderer shall be deemed to have read and fully understood the requirements of the above Act and Regulations and to have allowed for all costs in compliance therewith. The Occupational Health and Safety Act, 1993 (Act 85 of 1993) stipulates that the Chief Executive Officer is primarily responsible or liable for the health and safety of all his/her employees. This is embedded in Section 16(1) of the said

Act. This responsibility or liability is also extended to include a mandatory that performs work on behalf of the employer on his/her premises. A "mandatory" is defined in the said Act as: - "Including an agent, contractor or subcontractor for work, but without derogating from his status in his own right as an employer or user"

In terms of Section 37(2), read with Section 41, of the said Act, it is legally possible for an employer to indemnify himself from this responsibility or liability regarding the actions of the mandatory. Section 37(2) stipulates that there should be a written agreement in place between the employer and the mandatory regarding the arrangements and procedures between them to ensure compliance by the mandatory with the provisions of the Occupational Health and Safety Act, 1993.

In order to ensure that this written agreement is honored at all times, regular inspections of work that is performed will be conducted and if found to be non-compliant with the said agreement, a notice of non-compliance will be issued. All work will be stopped and reasons for non-compliance must be given and what corrective action will be taken to rectify the situation must be stipulated & Safety.

#### **6.6. Staff requirements**

The contractor shall make provision in their quote price for the required specialist capability to provide high quality workmanship for the works under this contract. Given the high standards that the Municipality places on the installation requirements, the allocated staff to this project should be of a dedicated nature.

#### **6.7. Equipment, Materials and Consumables**

6.7.1. All necessary human resource capacity, equipment and materials for the successful execution of the above is to be provide by the Service Provider, inter alia:

- a) Adequate stock of all consumables required for the proper execution of the tasks at hand;
- b) Tools;
- c) Drilling equipment
- d) Appropriate transport for all deployed teams
- e) Access to specialised equipment

6.7.2 Restrictions on how the Service Provider provides the service is listed below, but is not limited to the following: -

- a) The Service Provider shall provide the Client periodically with a written record, in schedule form, reflecting the number and description of staff employed on site;
- b) The Service Provider will strictly control all its staff that is deployed on site;
- c) The Service Provider is to strictly control all its working activities on-site
- d) All sub-contractors of the Service Provider must be approved by the Municipality and will be subject to any vetting process as may be required.
- e) Service Provider to provide Compliance Certificates on the completion of work where required
- f) All variations in respect of scope of work must be requested in writing from the Municipality

6.7.3 Should the Municipality require a programme showing the key activities for any requested works, it should illustrate the following:

- a) The start and completion dates for each of the activities; and
- b) The order and timing of operations which the Service Provider plans to provide the Municipality with.

Special Note:

The Service Provider has the responsibility to take all measurements for quotation purposes which are to be verified by the Municipality. No variations will be allowed after quotation, unless approved by the Municipality in writing.

#### **6.8. Risks**

Where any damage is caused due to negligence for the contractor, the contractor shall make good such damage at own expense to the satisfaction of the Municipality with the minimum disruption of essential services.

Special note:

Where the Municipality is forced to carry out any repairs due to the contractor's activities, this cost will be billed to the contractor.

**6.9. Provision for contingencies**

The use of contingencies is at the absolute discretion of the Municipality and can only be used if pre-approved by the Municipality.

- 6.10. If a sub-contractor is required, the successful bidder should ensure that sub-contractor is capable and qualified to perform work according to specified requirements.
- 6.11. In addition, the delivery, offloading and stacking in designated area and safekeeping of all items shall be the responsibility of the successful bidder.
- 6.12. The municipality reserves the right to cancel an official order and return all goods, at no cost to the municipality, if the successful bidder does not comply with these requirements.
- 6.13. Breedee Valley Municipality will not be held liable for any damage to personnel, equipment, or goods prior to signing for delivery/service rendered.

**7. MANDATORY REQUIREMENTS****7.1. Service providers/ contractors must adhere to the following conditions:**

- a) Bidders must provide proof of evidence in respect of comparable projects/ contracts (in relation to installation/ shopfitting of aluminium doors and windows) with a consolidated amount of at least R50,000.00 (including VAT) or more)

**Note 1:** In order to validate the claim in this criterion, bidders must submit proof secured/ current or completed contracts. Proof of evidence must conform to the following criteria:

Award letters or Official orders on the client letter heads clearly indicating the contract number, description and value, duly signed by an authorized representative of the client

- b) Bidders must provide proof of CIDB registration as a 1SG or higher
- c) Bidders must provide proof of letter of good standing from the Department of labour

Failure by the bidder to submit the relevant proof of evidence with quotation submissions will render their offer non-responsive.

**8. COMPLETION PERIOD**

Completion of services must be completed within maximum 4 weeks after the receipt of order.

**9. WORKMANSHIP GUARANTEE**

- i. Normal retention period (6 Months)

**10. HOURS OF WORK**

All normal work under this Agreement will be performed during regular hours of regular working days: Monday to Friday 7:45 a.m. to 4:30 p.m. ("Regular Hours").

**11. PAYMENT TERMS**

In general, payment shall be made upon the completion of the installation works at all relevant sites and the required inspection reports (inclusive of the required certificates of compliance) are duly submitted to the satisfaction of the Municipality or his representative.

**12. PAYMENT CLAIMS**

In general, payment shall be made per order to the contractor provided that the requisite work has been carried out satisfactorily and the required inspection reports duly submitted to the satisfaction of the Municipality or his representative.

**13.1 Payment Claims**

- a) The contractor shall be responsible to prepare and submit at his cost payment claims for all works with forms and procedures.
- b) Invoices must show the period, the amount claimed for the works completed and the breakdown of all work for which the payment is being claimed for.
- c) All invoices must be presented a fully itemised list of the work being charged for in line with the rates of the quotation.
- d) No payment must be made by the municipality's representative for any unauthorised service performed by the successful bidder.
- e) Invoice must refer to official order number and date of service.

**13.2 Payment for Works Covered by Approved Purchase Orders**

For Works ordered under cover by an Official Order, the Contractor shall submit payment claim with two (2) copies of invoice, similar to that for routine maintenance, and shall attach copies of original supplier's invoice where appropriate. The Municipality may require the Successful bidder to submit measurements of quantities for materials/equipment used, etc. for checking and verification of the claimed payment. The invoices shall clearly indicate the Order number.

**13.3 Payments withheld**

Failure by contractor to provide services or comply with any provision of this Contract shall entitle the Municipality (in addition to any other remedies Municipality may have) to withhold payments due to contractor as may be deemed in the Municipality sole and absolute discretion to be reasonably necessary.

**14. FAILURE TO PERFORM**

- 14.1. Upon any delay beyond the maximum completion period, the late completion will be penalized with 1% of the value of the order for every day late and will be deducted from the relevant payment of the Municipality.

**15. ADDITIONAL REQUIREMENTS/CONDITIONS (SPECIAL CONDITIONS OF CONTRACT)**

All service providers must adhere to the following conditions:

- 15.1 Bidders to cast prices/ rates which must remain fixed for at least 60 days from date of quote closing, to allow for a quotation process and in turn for the municipality to make a successful award.
- 15.2 Bidders are required to cast prices for all items, as listed in the schedule of quantities. The quotation will be evaluated and awarded as whole to one successful contractor.
- 15.3 Bidders rates shall include all costs associated with bring the service/ works to Council.
- 15.4 The Municipality reserves the right NOT to order any item, should the need not materialize.
- 15.5 The Municipality reserves the right to amend the quantities at its discretion to meet the budget limitations and/ or operational requirements.
- 15.6 Payments will be done monthly (30-day account from statement), subject to the deliver note and upon presentation of a valid tax invoice with the period prescribed by the municipal procurement policy.
- 15.7 The average quantities, as per pricing schedule, are required, in which the municipality will put in orders for various quantities of the goods, as and when the need arise.
- 15.8 All works to be completed as per relevant SANS codes, building regulations and as per manufacturers recommendations and procedures.
- 15.9 Bidders are to familiarize themselves with all related SANS codes in terms of works required to ensure the installation meets inclusivity prescripts.
- 15.10 Bidders must allow for glazing certificate of compliance and installation to be done by Association of Architectural Aluminium Manufacturers of South Africa (AAAMSA) approved installer.
- 15.11 Bidders must ensure that aluminium doors comply with SANS 10400 Part N. SANS 613 as well as AAAMSA, ASDA and South African Glass and Glazing Association (SAGGA) codes and legislation.
- 15.12 Bidders must ensure using laminated safety glass (complying with SANS 1263-1) for all critical locations as per SANS 10400-N. In addition, bullet-resistant laminated glass (e.g., certified to EN 1063 standards) for high-risk

transaction areas, such as payment counters and secure offices. Bidders must ensure all glass is installed according to SANS 10137 and is permanently marked as safety glazing material.

- 15.13 Bidders must ensure that the colours of aluminium quoted on closely matches the aluminium colour of the exiting infrastructure.
- 15.14 Bidders must ensure that all measurements and final sizes must be confirmed prior to installation.
- 15.15 All aluminium door products manufactured to conform to AAAMSA standards with a minimum manufacturing guarantee of 5 years.
- 15.16 All existing panels, doors, windows removed shall be transported, delivered and offloaded by the bidder at the municipal disposal stores (1 Mecer Street, Worcester)

## 16. PRICING CONDITIONS

- 16.1. The pricing structure or schedule has been designed for bidders to cast their prices for the design, supply, delivery and installation/ fitment of Aluminium doors, clip 44 units/ panels and windows. The pricing structure or schedule has been designed for bidders to cast their rates for each individual item in terms of the services required, which must remain fixed and firm. Bidders must quote on all item(s) listed, failure to adhere to this requirement shall lead to automatic disqualification. The quotation will be evaluated and awarded as a whole.
- 16.2 All prices shall be quoted in South African currency and be **INCLUSIVE OF ALL APPRICABLE TAXES**.
- 16.3. Tender rates must be submitted on the Pricing Schedule. No deviations from the current pricing structure will be permitted.
