1. PURPOSE

To notify Council of the approval of the 2020/2021 Service Delivery Budget and Implementation Plan (SDBIP).

2. BACKGROUND

In terms of Section 1 of the Municipal Finance Management Act, Act no. 56 of 2003, the “service delivery and budget implementation plan” means a detailed plan approved by the mayor of a municipality in terms of Section 53 (1)(c)(ii) for implementing the municipality’s delivery of municipal services and its annual budget, and which must indicate—

(a) projections for each month of—

(i) revenue to be collected, by source; and

(ii) operational and capital expenditure, by vote;

(b) service delivery targets and performance indicators for each quarter; and

(c) any other matters that may be prescribed,

and includes any revisions of such plan by the mayor in terms of section 54(1)(c).

The municipality's SDBIP is approved by the mayor within 28 days after the approval of the budget. According to Section 53 (3), the mayor must ensure—

(a) that the revenue and expenditure projections for each month and the service delivery targets and performance indicators for each quarter, as set out in the service delivery and budget implementation plan, are made public no later than 14 days after the approval of the service delivery and budget implementation plan; and

(b) that the performance agreements of the municipal manager, senior managers and any other categories of officials as may be prescribed, are made public no later than 14 days after the approval of the municipality's service delivery and budget implementation plan.

According to MFMA Circular 13 of National Treasury, the SDBIP provides the **vital link** between the mayor, council (executive) and the administration, and facilitates the process for holding management accountable for its performance. The SDBIP serves as a **management, implementation and monitoring tool** that will assist the mayor, councillors, municipal manager, senior managers and community to monitor in-year information, such as quarterly service delivery and monthly budget targets, and links each service delivery output to the budget of the municipality, thus providing credible management information and a detailed plan for how the municipality will provide such services and the inputs and financial resources to be used. A properly formulated SDBIP will ensure that appropriate information is circulated internally and externally for purposes of monitoring the execution of the budget, performance of senior management and achievement of the strategic objectives set by council.

6.8 INTEGRATED WASTE MANAGEMENT PLAN

File No. /s: 11/4/B

Responsible Official: S. Visagie

Directorate: Technical Services

Portfolio: Manager: Solid Waste

1. Purpose

The purpose of tabling this item to Council is for the approval of the Breede Valley Municipality's 4th Generation Integrated Waste Management Plan. It is a five-year plan for 2021 – 2025 that is aligned with the IDP process.

2. Background

The Integrated Waste Management Plan (IWMP) is a statutory requirement of the National Environmental Act: Waste Act, 2008 (Act No. 59 of 2008) that has been promulgated and came into effect on 1 July 2009. The primary goal of the IWMP is for the transformation of the historic methodology of waste management, i.e. collection and disposal, to a sustainable practice, focussing on waste avoidance and environmental sustainability.

Sustainable integrated waste management refers to the integrated planning, implementation, monitoring and review of those waste management measures to ensure sustainability and to prevent harmful impacts on human health and the environment. Sustainability can only be achieved if energy and resources are conserved by reducing waste and resources are protected by the prevention and control of pollution.

This IWMP will be facilitated through the municipal by-laws and in accordance with the implementation schedule. The development of the IWMP is necessary as it is an essential tool for the identification of needs and acts as a guide towards waste management in a sustainable manner. The IWMP shows alignment of its goals to achieve an effective waste management system.

3. Financial Implications

Yes, there have been financial cost to the Value of R 149 383.85 for the development of the IWMP. The Breede Valley Municipality appointed Delta Built Environmental Consultants (Delta BEC) for the development of the 4th Generation Integrated Waste Management Plan.
