The total revenue excluding capital transfers and contributions for the period 1 July 2021 – 31 March 2022 is R 822 656 677 or 63.01% of the total budgeted revenue R 1 305 548 294.

Property Rates

Service charges – electricity revenue

In order to be GRAP compliant the municipality has to process an accrual journal that recognises revenue which was consumed in previous financial year but billed in the new financial year. In July 2022 when the AFS are being finalised a journal will be processed to recognise the revenue consumed in June which will then align the revenue properly.

Transfers and subsidies – operating

Transfers and subsidy revenue are recognised when conditions of the grant are met.

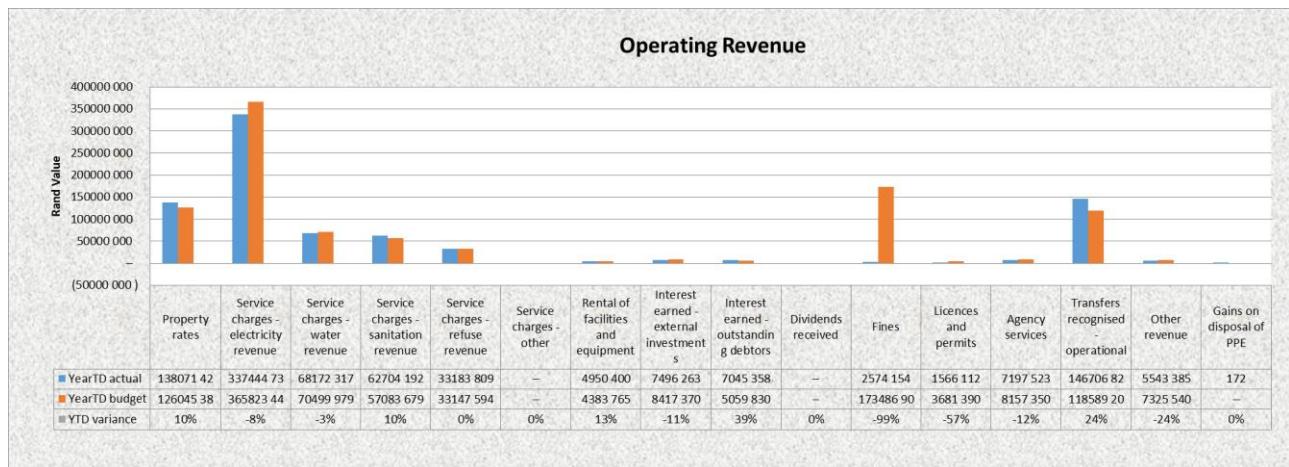

Transfers and subsidies – capital

Capital grants are recognized when capital expenditure has been capitalized.

These figures cannot be used for reporting purposes. The amounts included as expenditure are currently only those for which a payments run has been completed.
