or above R 30 000 and up to a Rand value of R50 million inclusive of all applicable taxes:

$$P_s = 80 \left(1 - \frac{(P_t - P_{min})}{P_{min}} \right)$$

Where;

P_s = Points scored for price of tender under consideration;

P_t = Price of tender under consideration; and

P_{min} = Price of lowest acceptable tender.

2) The following table must be used to calculate the score out of 20 for BBEE:

B-BBEE Status Level of Contributor	Number of Points

7 90/10 preference point system for acquisition of goods or services for Rand value above R50 million.

- 1) The following formula must be used to calculate the points out of 90 for price in respect of a tender with a Rand value above R50 million, inclusive of all applicable taxes:

Where

Ps = Points scored for price of tender under consideration;
Pt = Price of tender under consideration; and
Pmin = Price of lowest acceptable tender

- 2) The following table must be used to calculate the score out of 10 for BBEE:

10 Criteria for breaking deadlock in scoring

1. If two or more tenderers score an equal total number of points, the contract must be awarded to the tenderer that scored the highest points for B-BBEE.
2. If functionality is part of the evaluation process and two or more tenderers score equal total points and equal preference points for B-BBEE, the contract must be awarded to the tenderer that scored the highest points for functionality.

Upon detecting that a tenderer submitted false information regarding its B-BBEE status level of contributor, local production and content, or any other matter required in terms of this policy which will affect or has affected the evaluation of a tender, or where a tenderer has failed to declare any subcontracting arrangements, the Municipality must-
 - a) inform the tenderer accordingly;

**BREDE VALLEY MUNICIPALITY
SUPPLY CHAIN MANAGEMENT POLICY**

1. PRE-AMBLE

All transactions undertaken by the Breede Valley Municipality involves a contract whether explicitly agreed in writing, or implicitly implied through actions.

Properly managed contracts by all stakeholders involved, can ensure that services are delivered within specifications as set and agreed by all during the SCM specifications phase and at the agreed cost , (Inclusive of escalation paragraphs in contracts) time period and qualities of the goods and services procured.

All contracts must be managed throughout the SCM Contract Life Cycle, based on the level of management control appropriate for the classification of that contract.

Improperly managed contracts may impact negatively on service delivery. Adverse effects of ineffective contract management include but are not limited to:

- 1.1 goods and services outside of specification;
- 1.2 cost overruns;
- 1.3 poor suppliers-, buyer- or other stakeholder relations;
- 1.4 negative public perception, and
- 1.5 potentially complete service delivery failures.
- 1.6 irregular expenditure or un-authorized expenditure

Hence, good contract management by all stakeholders involved is essential for good financial management and will contribute greatly to the effectiveness and efficiency of service delivery. In effect it would give strategic direction to all directorates following a centralised strategy of contract management. This policy must be read in coincidence with the SCM Policy of the Breede Valley Municipality.

13.7.2 Service providers who have been identified as under-performing in identified areas must be informed of these support interventions.

13.7.3 The impact of support interventions must be monitored by the Contract Manager.

13.7.4 Corrective action should be documented in writing within the contract management system

13.7.5 The records of the support interventions must be documented, signed by both parties and appropriately filed in the contract management system.

13.8 Breede Valley Municipality holds the right to reject any bid, as stipulated in paragraph 21(d)(iii) and 38(1)(g)(iii) of the SCM regulations referring to non-compliance to terms and conditions or disputes concerning the execution of such contract OR if a supplier was convicted for fraud and corruption during the past 5 years. The municipality further holds the right to restrict non-performing suppliers on the National Treasury's database or from the municipal database, subject that the supplier has been informed from the occurrence of such non-performance or breach of contract, without considering the reasons of non-performance or breach of contract.

13.9 Unsatisfactory performance occurs when performance is not in accordance with the contract conditions, e.g.:

13.9.1 If the contractor fails to deliver any or all the goods, works or services within the period(s) specified or in contradiction to the warded prices in the contract, or within extension thereof granted by the SCMU pursuant to GCC;

13.9.2 If the contractor fails to perform any other obligation(s) under the contract, e.g.:

13.9.2.1 If, during the guarantee period, a supplier does not comply with the requirements because of faulty material used during manufacture, or faulty finishing, or any deficiency, latent or otherwise, the contractor must be requested without delay, by registered mail, to replace or repair the supply depending on the circumstances. Supplies thus replaced or repaired or services thus rendered must be guaranteed for the same period as the original supplies or services.

**BREDE VALLEY MUNICIPALITY
SUPPLY CHAIN MANAGEMENT POLICY**

13.9.2.2 If the contractor, in the judgement of the SCMU, has engaged in corrupt or fraudulent practices in competing for or in executing the contract.

13.10 Procedure applicable to non-performance

13.10.1 Should the contractor not adhere to the contract conditions (non-delivery, delivery of an inferior product, etc.), the following procedure should be followed:

13.10.1.1 A registered letter must be sent to the supplier to inform him/her that he/she did not honour the contract conditions. The waybill number of the letter must be quoted on the relevant SCMUs copy.

13.10.1.2 The letter must be typed and concept letters should not be used. Each case should be handled individually.

13.10.1.3 The intention must be clearly stated in the letter (e.g. reprimand him on his delivery; etc.).

13.10.1.4 The contents of GCC paragraph 21 must be quoted for the contractor's convenience.

13.10.1.5 The bid/contract number, order-number, description of the item(s), quantities and value of contract must be clearly indicated in the letter.

13.10.6 The contractor must be afforded an opportunity of at least fourteen (14) but not less than seven (7) days to comment.

13.10.7 If the supplier fails to deliver any or all of the goods or to perform the service within the period(s) specified in the contract, the purchaser shall, without prejudice to its other remedies under the contract, deduct from the contract price, as a penalty, a sum calculated on the delivered price of the delayed goods or unperformed services using the current prime interest rate calculated for each day of the delayed until actual delivery or performance. The purchaser may also consider termination of the contract pursuant to GCC paragraph 23.

13.10.8 Whilst the above-mentioned procedure is in process and there is a need for the item/service, the minimum quantity must be purchased in accordance with delegated powers and properly recorded to be able to recover any adverse cost from the contractor.

13.11 Procedure applicable to Buy-out transactions

13.11.1 When the time provided for the contractor to respond to the claim of non-performance has lapsed, the SCMU can proceed with the buy-out transaction. Another registered letter must be issued to the contractor, informing him/her that a buy-out transaction is now being initiated against him/her and that no further deliveries will

**BREDE VALLEY MUNICIPALITY
SUPPLY CHAIN MANAGEMENT POLICY**

be accepted as from date of the relevant letter in rectification of the breach of contract.

13.11.2 When the Municipality has to buy out at the contractor's expense, the loss to the Municipality must always be restricted to the minimum since it is difficult to justify the recovery of unreasonable additional costs from the contractor.

13.11.3 Only goods, works and services of the same quality can be obtained within delegated powers.

13.11.4 The difference in cost must be determined and any adverse costs must be recovered from the contractor.

13.11.5 The Senior Manager: Legal Services must therefore be furnished with all relevant information/documentation in order to act on behalf of the Municipality.

13.11.6 It is therefore important to keep proper record of all buy-out transactions.

13.12 It is important that all letters that were addressed to the contractor should be recorded with the SCM unit on the contract management system.

13.13 A file should be opened by the SCM unit for each and every case and copies of all relevant documents and correspondence (copy of the order, letters addressed to the supplier, price quotations/bids invited in order to obtain the product, claim against the contractor, etc.)

13.14 Cases, which can be dealt with satisfactorily by the user departments' contract manager (reported to the SCMU unit) need not be referred to the Senior Manager: Legal Services for action. However, if a contractor repeatedly gives trouble and his/her actions cause the Municipality serious inconvenience, loss or embarrassment, the matter must be reported to the Senior Manager: Legal Services and a recommendation made regarding corrective steps, which should be taken.

13.15 Cancellation of contracts:

13.15.1 Cancellation of a contract may be considered for a variety of reasons, such as wrong preferences claimed, non-compliance with contract conditions, delayed deliveries, bribery, death or sequestration/liquidation of the contractor, default, performance, etc.

**BREDE VALLEY MUNICIPALITY
SUPPLY CHAIN MANAGEMENT POLICY**

13.15.2 Cancellation of a contract is usually prejudicial to the Municipality. Therefore serious thought must be given to the grounds for considering cancellation. Clarity must be reached beforehand on the question of whether the contractor will have a claim against the Municipality or not, and if so, whether cancellation can be justified. If cancellation is decided upon, the legal department must confirm the matter, addressing:

13.15.2.1 The particular contract condition or section of the Act empowering the action;

13.15.2.2 what further arrangements will be made for completing the contract; and

13.15.2.3 whether additional costs will be recovered from the contractor.

13.15.2.4 whether the user department gave the supplier the opportunity to state their case or reasons for under- or non-performance (audi alterem partem principle) in writing.

13.15.2.5 If the additional costs cannot be determined precisely, a careful estimate must be made and mentioned in the submission to the legal department.

13.16 Restrictions of suppliers/bidders:

13.16.1 Circumstances may exist, when it might be an option to restrict a person/contractor or organisation from obtaining business from the public sector.

13.16.2 Should the Municipality opt to restrict the contractor and/or any other person(s) from obtaining business from the public sector, the Municipality must:

(a) inform the contractor or person(s) by registered mail or by delivery of the notice by hand of the intention to impose the restriction, provide the reasons for such decision and the envisaged period of restriction;

(b) Allow the contractor and/or person(s) fourteen (14) days to provide reasons why the envisaged restriction should not be imposed;

(c) consider any reasons, submitted by the contractor and/or person(s) in terms of paragraph (b) above;

**BREDE VALLEY MUNICIPALITY
SUPPLY CHAIN MANAGEMENT POLICY**

(d) impose the restriction or amended restriction; and

(e) inform the National Treasury within five (5) working days of such imposition of the name of the restricted person(s); the reason for restriction; the period of restriction and the date of commencement of the restriction.

(f) Any restriction imposed on any person by the Municipality will, at the discretion of the Municipality also be applicable to any other enterprise or any partner, manager, director or other person who wholly or partly exercises or exercised or may exercise control over the enterprise of the first-mentioned person, and with which enterprise or person the first-mentioned person, is or was in the opinion of the Municipality actively associated.

(g) However, when considering the restriction of a contractor/person, care must be taken that the prescribed procedures have been strictly adhered to since the court may find that an administrative action, such as the imposition of a restriction, is not valid in cases where the person or organisation, for example, has not been given a reasonable time to put the other side of the case, or has not been fully informed of the results of his failure to react. It is also possible that, where contradictions or ambiguities exist, the court will give the benefit of doubt to the persons or organisations against whom a restriction has been imposed and may pass judgment in their favour.

13.17 Amendment/upliftment of restrictions

13.17.1 Based on sound reasons, the Municipality is empowered to amend/ uplift any restriction imposed and must then inform the National Treasury accordingly.

13.17.2 A contractor or any other person restricted by the Municipality has a right to contest the restriction in a Court of Law, and the Municipality who imposed the relevant restriction will be responsible and accountable for the Court proceedings.

13.18 Handling of proprietary information:

13.18.1 All information designed and prepared for the municipality is deemed as proprietary. No such information may be distributed,

**BREDE VALLEY MUNICIPALITY
SUPPLY CHAIN MANAGEMENT POLICY**

modified or customised for third parties without the written permission of the Accounting Officer.

13.18.2 All supplier information shall be treated as confidential, except as regulated by legislative prescripts (Section 75 of the MFMA etc.).

13.18.3 In appropriate instances, the municipality may require security clearance, SARS pin codes and confidentiality agreements to be entered into with.

14. REVIEW OF CONTRACTS

13.1 In terms of section 116 (1) of the MFMA, a contract or agreement procured through the Supply Chain Management system must have a periodic review once every three years in the case of a contract or agreement that are longer than three years.
