CORONA VIRUS (COVID-19) AND THE DECLARATION OF A NATIONAL DISASTER - PROCEDURES WITH GRAVEYARD APPLICATIONS AND MANAGEMENT AT THE CEMETERY

With reference to the Corona Virus Public Notice (Covid 19) dated March 18, 2020, we would like to draw your attention to the arrangements below to manage the graveyard application process and meeting at the cemetery.

1. The normal application process will be followed. A timetable has been set up with time slots with a time allocation of 30 minutes per burial at the cemetery. The arrangement was put in place to allow as many funerals as possible and still comply with the requirements as per Notice 66/2020 by the Department of Environmental Affairs and Development Planning, Local Government, dated March 18, 2020.
2. The number of persons per burial is limited to 30 because other funerals may be held at the same time slot in other areas of the cemetery. Total persons in the cemetery are limited to 100 for a given time slot.
3. Each burial is limited to 30 minutes (5 minutes for the arrival, 20 minutes for the burial at the grave, including the burial of the grave, and 5 minutes for leaving the site).
4. If the services of a "digger" are required for the closing of the tomb site, the standard rate is payable.
5. Physical contact between funerals should be avoided.

All entrepreneurs must always abide by the above regulations. It is the responsibility of the undertakers to ensure that the above is implemented.

Your cooperation in this regard is appreciated.
